Press Statement on a Cyber Security Incident at the Central Bank of Lesotho

The Central Bank of Lesotho advises the public that, on Monday 11th December 2023, it experienced a cyber-security incident on its systems.

The Bank has investigated the matter and is working around the clock to restore the systems.

The Bank wishes to assure the public that it has not suffered any financial or other loss. However, the Bank has suspended some of its systems to prevent further infiltration from the attackers.

Consequently, some payments may be delayed while the Bank works on getting the systems back to normalcy.
